

I understand that AIR 1 is at risk of being replaced by a LPFM. Please do not allow this to happen. AIR 1 is one of the few radio stations I can listen to with my children. It is very positive and has the potential to elevate the citizens of my area (any area actually) to be honest, law-abiding citizens. I know many people who listen to AIR 1 and we would be very upset if it was bumped from the airwaves.

Thank you for your time.
